TYPE	DESCRIPTION	BENEFIT	LEVEL
CARDIO H2O	A high-energy, low impact workout that blends fitness & fun for a total body workout.	Will enhance both muscular and cardiovascular fitness. All AQUA focuses on the abdominal wall and legs.	All fitness levels.
MUSCLE H2O	A total body workout using fitness principles using water for resistance, support & core training		
BODY IN BALANCE	A great way to incorporate pilates & balance training with muscle conditioning	Works balance and stability with focus on core – abdominals, back, glutes and hamstrings – for total body conditioning.	Great for all levels. <i>Developed at and unique to Club Meadowvale!</i>
BOOT CAMP CIRCUIT	Take your training to a whole new intensity with this circuit challenge that takes traditional interval workout & blends it with new fitness trends & traditional army-based training!	One-two-three-four...don't quit now let's do some more! Boot Camp Circuit gives you the power and the motivation to keep moving – even when you want to quit – for a dynamic total body workout.	Intermediate to advanced. However, if you're just starting off, let the instructor know so they can offer comfortable modifications.
STUDIO CYCLE	Cycle classes range from 30-60 minutes. Each includes drills, power and endurance but each "brand" has its own style and focus.	One of the best ways to optimize your cardio workout time, burn calories, fat along with working and sculpting your legs.	Great for all levels. If you're just starting off, let the instructor know so they can assist with set up and modifications.
ZUMBA	Dance your way to a fitter you and exciting and unique latin moves and rhythms. This is a pay for 8 week program	Great cardiovascular workout. an amazing FAT & CALORIE burner	Always All fitness levels.
FLEXIBLE FUSION	Slow motion stepping with Yoga breathing & postures blended together with stability & functional conditioning to create a fun and inspiring workout	Great cardio conditioning and a change in patterns for your body and your brain!	All fitness levels. NO step experience is required! <i>Developed at and unique to Club Meadowvale!</i>
S.A. S.S	A unique combination – 20 minutes low impact; 20 minutes slow & low with light dumbbells (1-2 lb.); 20 minutes conditioning & core.	Wonderful for increasing both flexibility and strength while focusing on the breathing base for cardiovascular training.	All fitness levels. <i>Developed at and unique to Club Meadowvale!</i>
TOTAL BODY	All total body classes work you head-to-toe, but each "brand" has its own unique focus and approach to keep it fun and challenging.	Excellent for strength, muscle definition, endurance, and posture.	All levels, particularly for those who prefer weight training in a group setting
PILATES or PILATES WITH WEIGHTS	A total body workout based on core control & conditioning using Joseph Pilates	Improves overall balance and core , Great for strengthening the abdominals and back	Great for all levels. Improves overall core and back strength
KIDS CLUB	Get your kids active . New fitness class for children 7 -12 years of age	Our objective is to assist children in getting physically fit and creating lifestyle changes	All fitness levels.
STEP	Cardio conditioning using the step working with combinations, progressions and options to increase or decrease intensity and complexity.	Excellent for strength, muscle definition, cardio vascular endurance, and posture. Low impact	All fitness levels. Please note - some classes are marked ADV - advanced.
STEP & SCULPT	Cardio conditioning using the step working with combinations, progressions and options to increase or decrease intensity and complexity.	Excellent for strength, muscle definition, cardio endurance, and posture. Low impact with weight training	All levels. Weights are available for all levels
STRETCH & ABS	An entire class focused on flexibility and abdominals.	Lengthens all the muscles and strengthens the abdominal wall	All fitness levels.
BLISS YOGA	A gentle style of Hatha Yoga to help you de-stress by emphasizing breath and body awareness through Pranayama (Breathing) and meditation. Learn different breathing techniques, benefits and knowledge of Chakras (Centers of energy) and the importance of proper alignment and relaxation.		All fitness levels.
CORE YOGA	Postures and exercises arranged in a flowing systematic sequence to build flexibility, strength and balance in abdominals, back muscles and the glutes. Challenging routine helpful for all.		All fitness levels.
WARM YOGA	A challenging and interesting routine of asanas and exercises completed in a warm studio. Let's turn up the heat!		All fitness levels.
SUNRISE YOGA	Surya Namaskar (Sun Salutation) is a graceful sequence of positions performed as one continuous exercise for energy. A great cardio routine that brings flexibility and strength to your spine and joints and will help trim your waist.		All fitness levels.
			All fitness levels.
	Classes where babies under six months may be in the aerobic room while mom is participating in the class.	To accommodate new moms and help create healthy habits for a lifetime!	Babies must be in a car seat
